INQUIRES | Gail Prunier at [gprunier@jmt.com](mailto:gprunier@jmt.com)

more info: <https://sustainableinfrastructure.org/>

This presentation will introduce the Envision framework and describe foundational concepts regarding infrastructure's role in sustainable development.

Examples will be shared, which showcase the construction phase and applications of the Envision framework specific to construction managers.

Participants will gain with a better understanding of the Envision framework and ideas for next steps for implementing best practices on the job.

Attendees eligible for 1 CEU/PDH.  
Proceeds benefit the scholarship fund.
