

BIOGRAPHY

Evan Howard is a native of Baltimore, MD. He attended school in the Baltimore City School system graduating High School from the Baltimore Polytechnic Institute. He has received both his Bachelor of Science and Master of Science in Civil Engineering from Morgan State University.

Currently, he serves as the 1st Director of the newly established Office of Asset Management and Support Services within the Maryland Transportation Authority. In this role, he is leading the charge to engaging Asset Management practices and advancing asset management across the Authority. He has over 16 years of professional engineering experience in public sector experience working for Pennsylvania Department of Transportation (PENNDOT), Maryland State Highway Administration (MDSHA) and Maryland Transportation Authority (MDTA). His professional experience includes providing (1) Construction Management Inspection services (2) Pavement and Geotechnical design recommendations for Highway and Bridge projects, (3) serving as the technical lead for Maryland State Highway Administration (SHA) Quality Assurance Program for Federally Funded Construction Projects and (4) Asset Management lead technical expert.

Evan lives in Owings Mills, MD with his wife and two kids. In his spare time, Evan loves to spend time with his family, play basketball and watch sports.
